To protect your eyes from workplace hazards, if required, side shields are included with all Armourx frames.

ARMOURX SIDE SHIELDS ARE:

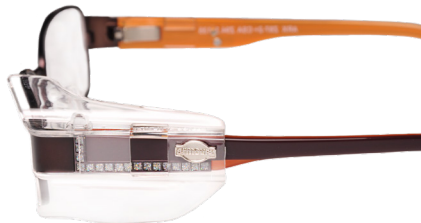

- Tested per ANSI and/or CSA Standards
- Impact resistant
- Resistant to lens cleaning chemicals
- Durable - will not crack or craze over time

Each side shield is designed to fit a specific frame. Permanently attached side shields are attached with a decorative rivet. Permanent side shields are attached at the factory, so you won't have to worry about extra little parts needed, or riveting.

SPARE PARTS

Armourx does not offer replacement temples or fronts. If a frame has been significantly damaged as to require the replacement of a major component, it is impossible to determine if the integrity of the entire frame has been compromised, making the frame unsafe or non-compliant.

PLEASE NOTE that we do provide replacement nose pads, temple tips and screws.
